

www.hebdenbridge-vintageweekend.org.uk

WELCOME

On behalf of the Rotary Club of Hebden Bridge I offer a very warm welcome to everyone attending the 2023 Hebden Bridge Vintage Weekend.

This event continues to be a huge success, enjoyed by all who participate and brings many visitors to our lovely town. It is the Club's main fund-raising event of the year and as President of the Club I am immensely proud of Stuart Bradshaw and his team of Rotarians for their tireless work throughout the year in preparing and staging this weekend's event.

We are very grateful for the continued support provided by our sponsors, vehicle entrants and stallholders, who all make the Vintage Weekend such a marvellous event. Last year we were delighted to be joined by the White Rose Yorkshire Steam Punks who hold their colourful event in the town on the same weekend and we look forward to welcoming them again this year.

We also look forward to a very talented line up of musicians entertaining us throughout the weekend.

All profits from this weekend (and from the Annual Easter Monday Duck Race) are donated to worthy causes in Hebden Bridge and surrounding areas as well as to national and international charitable bodies.

We are very grateful for the continued support provided by our sponsors

Thanks to all the contributions from your attendance and participation in these events since 2007 you have helped us to pass the amazing milestone of raising and, more importantly, distributing half a million pounds.

We could not have achieved this without your support and we hope you will continue to help us in this good work and to achieve higher fund-raising milestones in the future.

If you want to more actively participate in our fund-raising events please talk to us at the Control Stand about ways you can become involved.

Finally, whether you are a visitor, vehicle entrant, stallholder, sponsor or club member please enjoy the show and thank you again for everything you bring to the Vintage Weekend.

Peter Lord

President of the Rotary Club of Hebden Bridge 2023/24

Rotary Club of
Hebden Bridge

QUALITY FIRST

We did it!

2023 THE YEAR WE REACHED OUR £500,000 TARGET

The Rotary Club of Hebden Bridge have been supporting local, national and international charities and those in need, for over 70 years. In 2007 the Club set off towards raising a target of £500,000, all to be awarded as grants along the way and this year we've finally reached our target!

Monies raised from the 2023 Easter Monday Duck Race have now taken us over that figure and so at the Vintage Weekend we will be loudly trumpeting our achievements as we set off again, this time towards the magic £MILLION.

We hope it won't take us another 16 years to get there but whether you're an entrant, exhibitor or visitor to this event, you can be assured that every penny of the profits from this weekend will be the start of our journey down that road, allowing us to give continued help and support to those in need, in all manner of ways, over the years to come.

Details of how the monies raised by the club is spent can be found by visiting the club's website, www.hebdenbridgerotary.org.uk or by scanning the QR code where you will find a full list of grants and donations made over the past years.

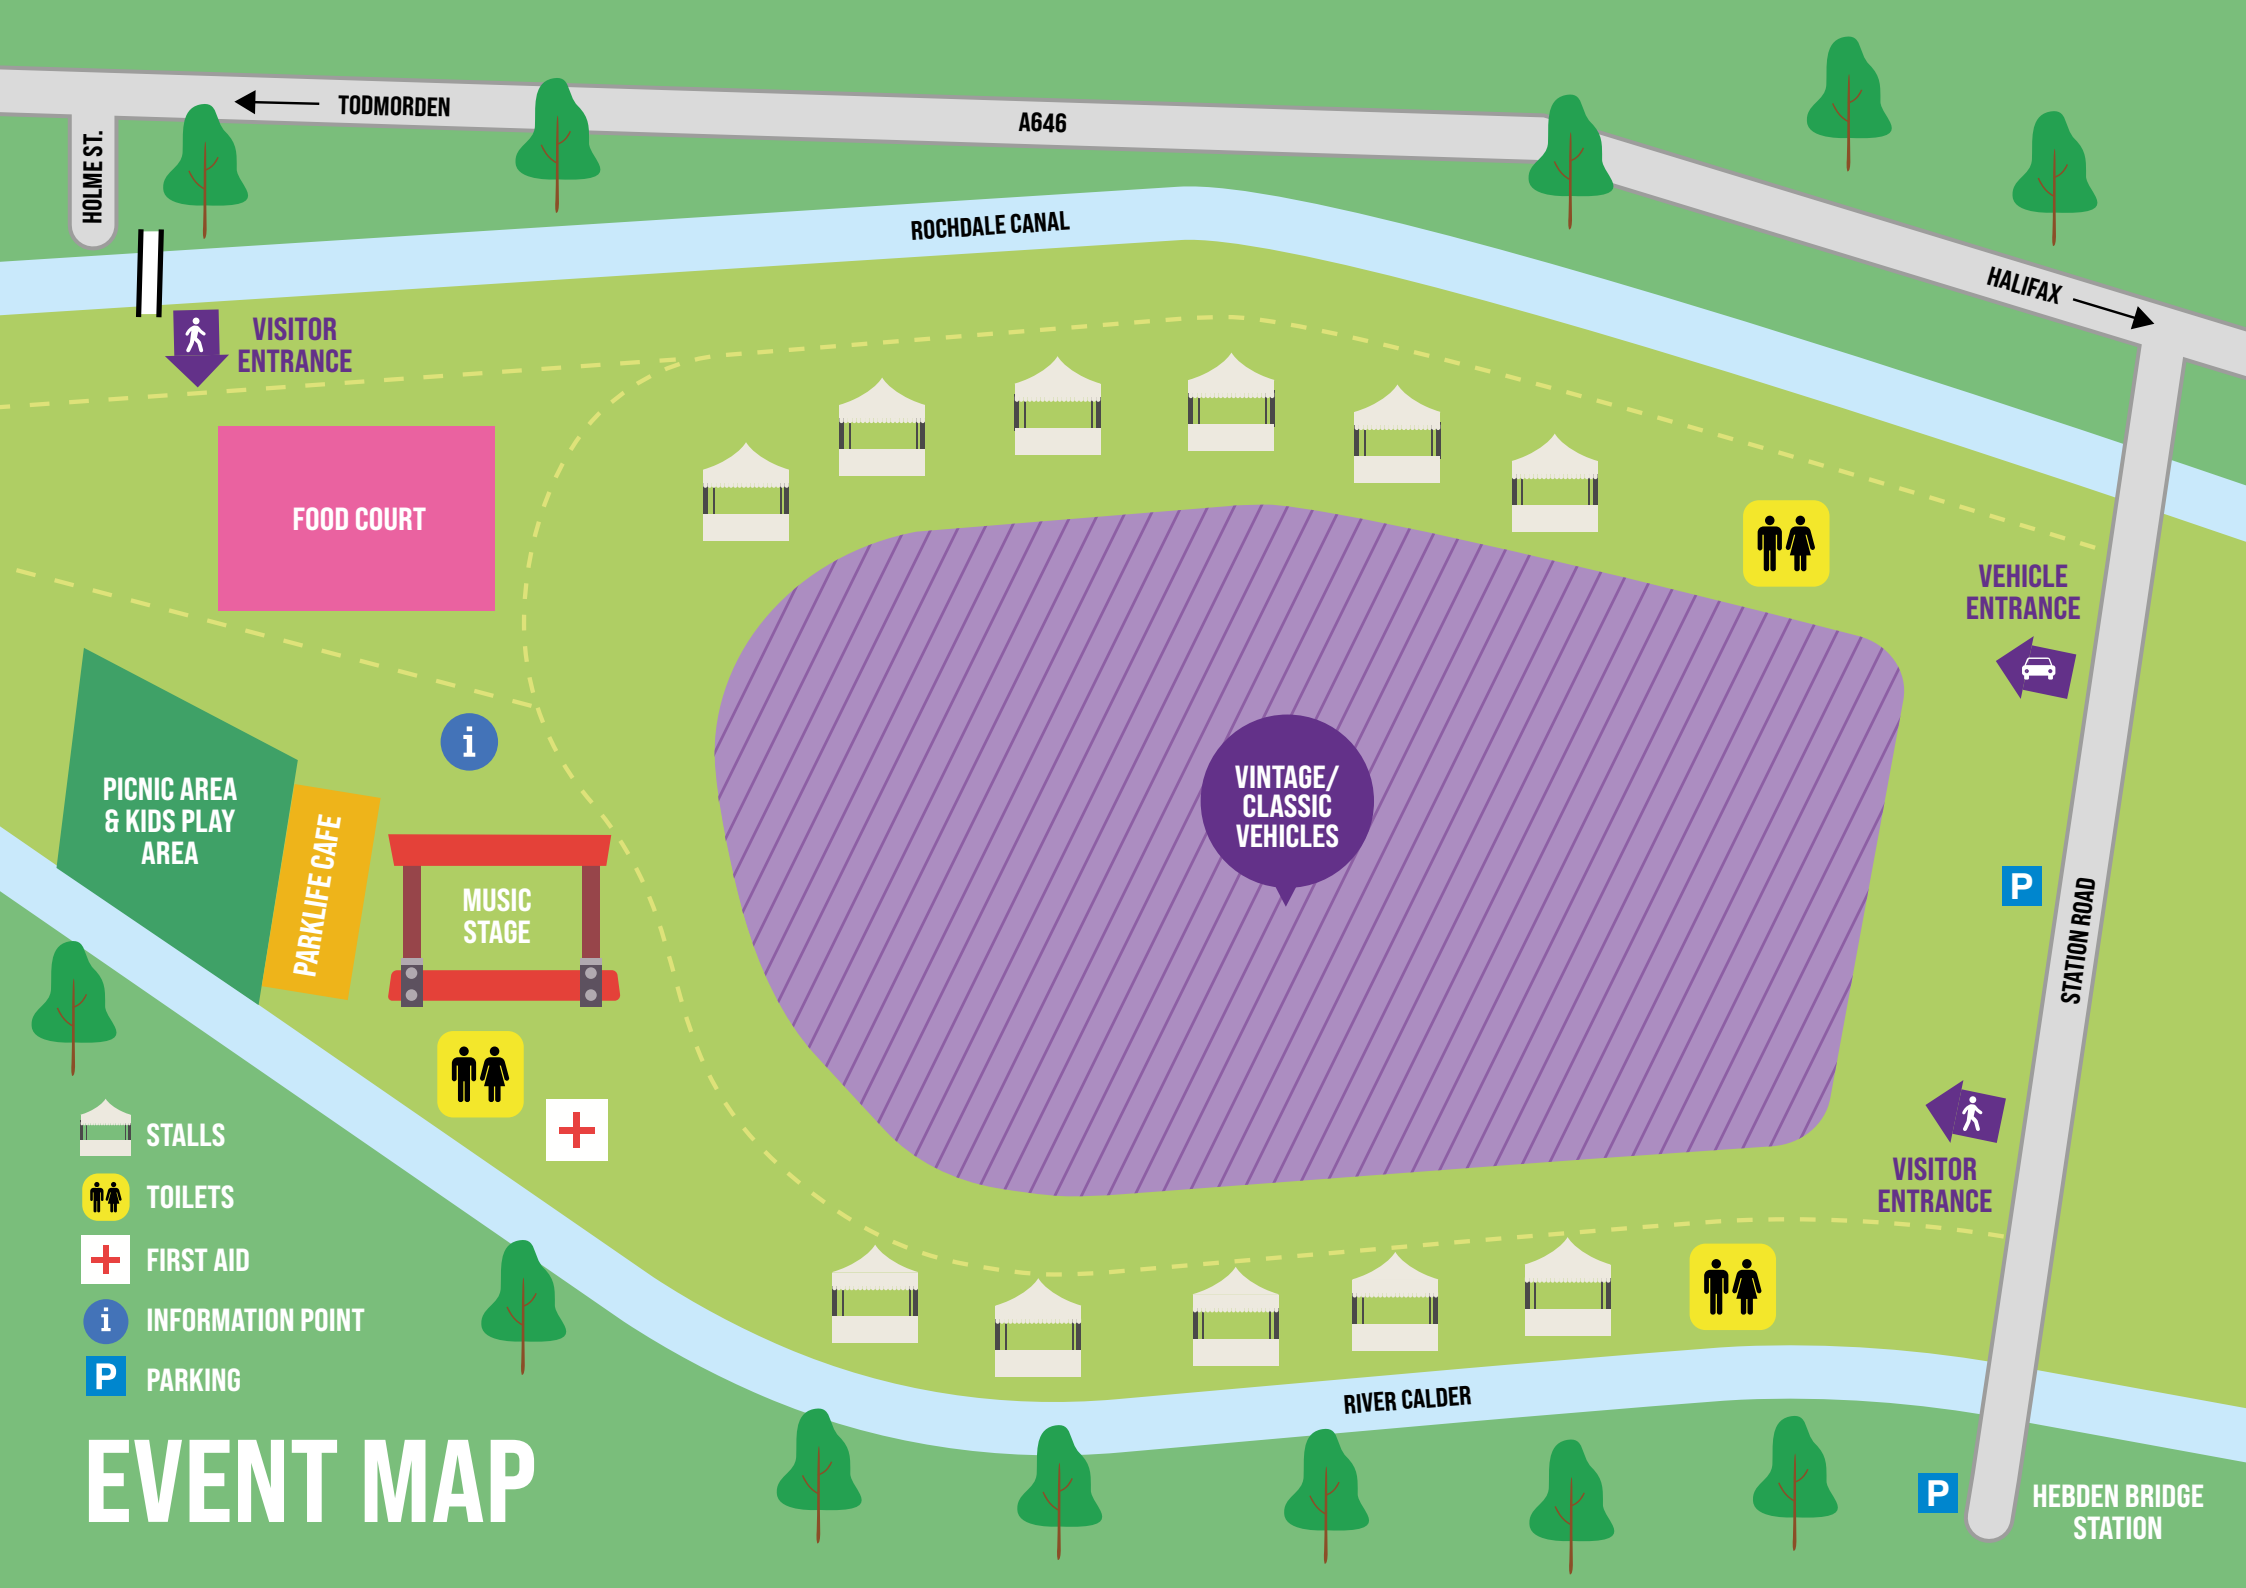

In addition, on the same website you can find the opportunity to make further donations yourself to help us with all the good works that we do, find out more about Rotary itself or enroll as a helper at any of our fundraising events.

- R** Motorcycles up to 1977
- T** Commercial Vehicles up to 1977
- U** American Vehicles up to 1977
- W** Military Vehicles of any age

ENTERTAINMENT

There will be live music this year on both Saturday and Sunday.

On Saturday, once again supported by Music4MS, a Multiple Sclerosis charity based in Halifax, we will be welcoming a series of young musicians to perform during the afternoon: **Liam Wetherall** with an eclectic mix for all: **Frank Bradshaw** with modern Indie covers: **Honey Andrews**, a Blues and soft Soul artist who enjoys playing Indie Rock: **Late Assignment**, a rock duo playing covers from the 1960's through to the 2020's: **Dylan Frayling** who at just 14 will be playing 90's grunge music.

On Sunday, we have more traditional entertainment, with the return by popular demand of Hebden Bridge based vocalist and vintage entertainer **Jessica Jive**, bringing her own take on classic, swing and modern remakes.

We are also featuring this year the award winning **Hebden Bridge Brass Band** who are through to this year's National Championships, sponsored by the Rotary Club of Hebden Bridge.

FOOD COURT

Café Cio – Coffees, teas and pastries
www.cafecio.com/home

Chicken Boiz – Grilled and fried chicken
[f/chickenboiz](https://www.facebook.com/chickenboiz)

East West – Curries and sides
www.eastwestcatering.co.uk

Temujin – Stir fry inc. vegetarian and vegan
www.temujinrestaurant.co.uk

The Crepe Company – Pancakes, chocolate combo's and a savoury selection
www.crepcompany.co.uk

Vocation – Range of keg and canned beers
www.vocationbrewery.com

Yorkshire Pudding Wraps - Giant Yorkshire's stuffed with roast beef or pork
[f/yorkshirepuddingwraps](https://www.facebook.com/yorkshirepuddingwraps)

Whilst elsewhere on the field we have:

The Surf Café - Coffees, teas and cakes
www.surfcave.co.uk

Coppice Cakes & Bakes – Traybakes, brownies, cookies and the rest!
[f/coppicecupcakes](https://www.facebook.com/coppicecupcakes)

Little Box Kitchen – Steamed puddings
[f/Little-Box-Kitchen](https://www.facebook.com/Little-Box-Kitchen)

STALLS

We have a large number of stalls encircling the ground, including auto-jumble, clothing, handcrafts, jewellery and much more. For the second year running we have stalls selling Steampunk related paraphernalia in conjunction with the Steampunk Weekend, also being held in Hebden Bridge this weekend.
[f/hebdensteampunk](https://www.facebook.com/hebdensteampunk)

CHILDREN'S PLAY AREA

On our picnic area you'll find a small unsupervised soft play area - for you to let your tots unwind whilst you relax watching on.

SPONSORS

Many thanks to all our sponsors, who's support is much needed for this event!

Featured vehicle

1983 CITROËN 2CV
Owner: Bob Mayoh City: Clitheroe Reg: DTL 73Y

I bought the car (Gaston) for £400 in March 2017, it having been languishing in a Somerset field for the best part of 20 years. The car was completely stripped and restored from the chassis up over the following 4 years. Even though the engine had been stood outside for 20 years, a simple service and some fresh petrol had it running on 2nd turn of the key.

SATURDAY

1996 XJS CELEBRATION CONVERTIBLE

Owner: Paul Hughes City: Todmorden Reg: 5515PH

Having owned a number of Jaguars over the years I acquired the 96 Celebration Convertible around 3 years ago. The XJS model replaced the legendary E-type, 115,000 were produced in various guises over the next 21 years, with various engines and many updates culminating in 1996 with the "Celebration" model.

The Celebration came with embossed seats, wooden steering wheel and diamond turned wheels in addition to all the other usual Jaguar refinements.

1992 LANCIA STRATOS REPLICA

Owner: Stephen Cook **City:** Keighley **Reg:** K532 JSO

The car is a replica kit from the line of Allora/Litton/CAE/NapierSports, manufactured in the mid 1990s. We found the chassis and body panels in a lockup in Swansea in 2011. The Stratos was created specifically to win the World Rally Championship, which it did in 1974, 1975 and 1976.

1962 FORDSON SUPER DEXTA

Owner: John Coupe **City:** Halifax **Reg:** PFF 309

First registered in 1962, initially used to pull a gang mower to cut grass on our small caravan site & other jobs on our land. Since we purchased it the engine has been re-built and the brakes overhauled, the tinwork is not brilliant but it is what it is!

1929 MODEL 'A' FORD 'TUDOR' SALOON

Owner: Gerry Marsden City: Rochdale Reg: BF 7384

This car was built in Ford's Argentina factory and supplied to Uruguay, hence right hand drive. It was imported to the UK early this century, having had the body restored, rewired and repainted.

I bought it in 2016 and soon found the car to be mechanically worn out, apparently the usual condition for South American cars! I set about restoration immediately, which extended to a full rebuild of all mechanical parts; engine, gearbox, transmission, axles, brakes, steering, the lot. Fortunately the Model A has a huge following in the USA and new replacement parts are readily available.

After all this work and effort, it was a gratifying reward to win the 'best Vintage' and the coveted 'Car of the Show' award at the Hebden Bridge Vintage weekend of 2018. The car is used regularly, including a touring holiday of northern England and Scotland borders in May this year.

1934 ASTON MARTIN ULSTER (LM 16)

Owner: Paul Wright City: Burnley Reg: BML 329

This car LM16, came third overall at the Ulster TT races in Northern Ireland, first in class, and the team won the team prize. Following this success the cars were named "Ulsters".

Engine is 1.5 litre overhead cam delivering around 80BHP linked to a 4 speed crash gearbox. The brakes are large drum brakes operated by cables, although for their day they were considered very sophisticated.

Featured vehicle

1963 FACEL VEGA II

Owner: Anon City: Bolton Reg: MUD 56

The Facel Vega II was made in Paris and introduced at the 1961 Paris Motor Show. It was the fastest and most expensive saloon car of the 1960's, built with a Chrysler V8 engine with 355hp. 180 were produced, exactly how many are left is unknown. The current owner acquired the car approximately 14 years ago and has had the car bare metalled, completely restored and colour changed.

The roll call of esteemed owners includes royalty, politicians, diplomats & entertainers such as: Tony Curtis, Dean Martin, Joan Fontaine, Ava Gardner, Fred Astaire, Frank Sinatra, Ringo Starr and Sir Stirling Moss. French writer and Nobel Prize winner Albert Camus died in a Facel Vega II driven by his publisher's nephew, Michel Gallimard.

1961 FORD ZEPHYR FARNHAM
Owner: Alec Edwards **City:** Bradford **Reg:** 693 CGO

I've owned this car since August 1999, having bought it as a wreck. The car has been stripped to a bare shell and sand-blasted inside and out as there was surface rusting everywhere.

Every piece of rotten metal was cut out and replaced, the tailgate has been re-skinned and the front wings had to be fabricated out of four old ones. The Ford Zephyr "Farnham" was produced by E.D. Abbot of Farnham between 1959 and 1962 and only 25 "low-line" cars survive from 1,831 produced.

1972 MORRIS MARINA GT**Owner:** Phil Dunster **City:** Lancaster **Reg:** OUY 421L

Bought by my dad in 1976, I took him over in 1984 when I was 17, originally a single carb ordinary spec SDL, over the years he has been upgraded into a fictional GT spec, all due to receiving in error a US spec GT badge in a box in 1977. Now running a high compression B series with twin carbs, oil cooler, servo brakes,

vinyl roof, Britax Sunroof, custom stainless steel exhaust, estate springs and genuine 1970's Firestone/BRM alloy wheels. After about 200000 miles the shell was getting very tired and he was treated to a full restoration over a 3 year period, coming back on the road in 2016.

1977 MERCEDES BENZ 230C PILLARLESS COUPE**Owner:** Andrew Pickles **City:** Keighley **Reg:** AAP 21T

This is a Mercedes Benz 230C W123 which is a UK supplied, RHD example that has covered just 83,000 miles from new. This desirable Coupe left the factory finished in white with blue cloth trim and is a very correct, standard and original car.

AAP 21T has spent eight years with its last registered owner, a Cheshire based soap star and has had typical classic car use over this time, covering 7000 reliable miles. I have had the car since 2019 after a £3,500 full recommissioning was undertaken. Only 2 left on the Road in the UK to this specification.

1968 NORTON ATLAS

Owner: Bill Roberts City: Chorley Reg: KCT 29F

This 'Mighty Atlas' was supplied by A & A Cox of Grantham in 1968 and spent the first 6 years of its life going to and from work in Lincolnshire. In 1974 it went to Glasgow until I bought it 'sight unseen' in 2019, it had last been on the road in 1998.

I've only replaced consumable parts and made small improvements to suit modern roads. She now enjoys retirement with trips to the Lancashire coast and the Yorkshire dales, a grand old lass

Featured vehicle

1960 TROJAN FORWARD CONTROL VAN

Owner: Peter Platt City: Royton Reg: 6943 NB

The van was used as a shed for many years and in a very poor state, it needed to be held together with rope to transport it. I have owned it for six years, it required a full new timber frame and rebuild. There are believed to be only three left and this is the only one on the road, it went back on the road in June 2023 after forty years of standing.

NEW FOR 2023

For the first time what is believed to be the only surviving spectacle windowed road steam traction engine is coming to our Vintage Weekend.

Dougal as he is affectionally known, will be passing through the valley on Friday 4th August between 3 and 5 pm. After appearing on Calder Holmes Park on Saturday 5th August he will also be doing a tour of the town and be on display in St. George's Square and the Marina on Saturday evening.

On Sunday he will be back on the park for visitors to inspect and he will be leaving Hebden Bridge towards Lancashire on Monday 7th August about 10 am. He will be arriving with his train, a trailer and a caravan, so if you are in the valley on Friday 4th or Monday 7th give him a wave as he passes through.

**On display in
the Park on
both Saturday
and Sunday**
